2019 MUSIC CAMP
MARCH 31 - APRIL 5, 2019
UNICOI STATE PARK AND LODGE
1788 HIGHWAY 356
HELEN, GA 30545**

The 2019 Roswell New Horizons Band Music Camp (www.roswellnewhorizonsband.com) will be held from Sunday, March 31 through Friday, April 5, 2019 under joint sponsorship of the RNHB and the New Horizons International Music Association (NHIMA). The Camp is open to all New Horizons Band members as well as all adult musicians. Join with fellow campers to play music and improve your skills under the guidance of excellent instructors. As a bonus, Helen, Georgia is a great vacation destination (<http://www.helenga.org/>).

In addition to two Concert Bands and many small ensembles, a signature of this camp will be an unusually broad range of opportunities to play big band jazz as well as various other types of improvisational music such as Dixieland, Klezmer, German, Jazz Combos, etc. This year we will have special learning opportunities for vocalists and the entire rhythm section!

In addition to the sessions in which the camper enrolls, all campers and critics will be provided access to a special information collection called "Jazz Resources". Jazz Resources is a self-study library of short, online multimedia presentations that address relevant musical topics, including theory, exercises, expert insights and practical advice. It will be available before, during and after the camp, and instructors will be available all day throughout the camp to answer questions and provide their own perspectives about the topics included. This will allow instructors to point campers to relevant materials tailored to their needs, inquiries and interests, while maximizing the time for making music.

A full list of Sessions is included below.

Note that playing in a New Horizons band does not automatically make you a member of NHIMA. Since we expect this camp to fill up quickly, you'll want to be a member. Plus, you'll save more than the cost of membership when you register for the camp as a member.

How many Sessions should I take?

There are five Sessions of ninety minutes each per day. Playing your instrument in all periods would be more than 7 hours of playing per day—an amount that could lead to muscle soreness and fatigue for most people. Think of three or four Sessions as a full load and consider taking some

March 31, 2019 (Sunday) – April 5, 2019 (Friday)

Sessions in which you will not play your instrument. Many participants leave one period free for resting and just walking around to enjoy the beautiful grounds.

“All-levels” Sessions

For some Sessions, you won't be playing your usual instrument, so musicians of all levels of experience are welcome to sign up. For others, you will be playing your usual instrument, but musicians of all levels of experience would enjoy participating.
